## Database entry for product.

The screenshot displays the SQL Server Enterprise Manager interface. On the left, the Object Explorer shows the database structure for 'DESKTOP-6JBC82E (SQL Server 15.0.2000.5 - DESKTOP-6JBC82E)'. The 'dbo.Products' table is selected. The main pane shows the SQL query: `SELECT TOP (1000) [Id], [Name], [Description], [Color], [Price], [Image], [CategoryId] FROM [MVC8CrudDb].[dbo].[Products]`. The Results pane at the bottom shows a single row of data for the product 'Apple'.

	Id	Name	Description	Color	Price	Image	CategoryId
1	2	Apple	IPAD 5th gen	grey	1000	<a href="https://i0.wp.com/www.lovetechnatewaste.com/wp-c...">https://i0.wp.com/www.lovetechnatewaste.com/wp-c...</a>	2
